

Fatima TV 213 Roma

On February 13, 2012, on the seventh anniversary of Sister Lucy's death, prominent members of the Italian media and political scene converged at a bookstore in Rome for the official launch of Fatima TV Channel 213 Rome, and of Fatima TV WorldWide – The Fatima Center's newest Internet channel (located at www.twww.tv), which streams in High-Definition and is presented in both English and Italian around-the-clock and now worldwide, gives full coverage of the Message of Fatima and its worldwide significance.

Following a well-received introductory video about Fatima TV that relayed the history and development of Our Lady's TV station, the audience listened intently to a pre-recorded interview of Italian politician Mario Borghezio, a member of the European Parliament. Father Gruner addressed the dignitaries invited to the Launch: "The authentic Fatima Message," he declared, "is the ONLY solution to the ever growing threat of war and the financial problems that are plaguing the world."

The official launch of Fatima TV 213 in Rome and Fatima TV WorldWide on the Web was held in a prestigious bookstore near the Vatican. Father Gruner emphasized the fact that there is no way out of the financial/economic crisis and that the world will not know peace – except by the Pope and the bishops' Consecration of Russia to Our Lady's Immaculate Heart. This is the ONLY solution to the crises we face today.

Emanuele Tomasini, General Manager of FTV in Rome (Right), who hosted the FTV 213 launch, speaks to a reporter. In his speech to the audience, he quoted Pope Benedict XVI: "Without giving importance to God in our lives, we just basically become slaves of the Economic System." He also noted that Heavenly intervention overcame the many forces opposed to the Launch.

Fatima TV WorldWide

An overflowing crowd of 140 special guests, dignitaries and media attended the official Fatima TV 213 and WorldWide Web TV Launch, showing the great interest and need for a station broadcasting the whole truth about Fatima and our Faith. The overflow of attendees wound up the stairwell and out the doors. Our Lady must have been very pleased at this display of attention to Her urgent requests.

Father Paul Kramer, author of *The Mystery of Iniquity*, outlined important points of his book and how the mystery of iniquity that St. Paul spoke of in Sacred Scripture is explained for our time in the hidden text of the Third Secret. He also spoke about the involvement of Freemasonry in bringing down the economy to set up a New World Order.

Leonard Cecere (CEO) (Left) and Michael Longval (COO) (Right), of Fatima TV 213 and Fatima TV WorldWide, giving serious attention to the speakers outlining the necessity of listening to Our Lady of Fatima before it is too late. Because of our new TV coverage in Rome and on the Web – many souls, who were in ignorance of the silenced Message, will now be enlightened with the truth.
