

When God Closes a Door He Opens a Window

by Coralie Graham, Editor

A holy priest once told me: “When God closes a door, he *always* opens a window.” What consoling words these are.

As I write this small message to you, one year to the date of Father’s passing – I realize they are also words of hope and joy.

Here, at *The Fatima Center*, we can see that “open window” more clearly now, and we can feel the breeze of heavenly graces blowing in.

And what is this joy? What is this grace? I believe God tested us this past year. Without Father Gruner physically with us – Would we continue spreading Our Lady’s urgent Message and the truths of our Faith? Would we persevere and never give up, no matter what it takes? Would *you* stay with us and support us – prayerfully and financially?

We did pass the test. All of us – and that particularly includes YOU. We are “one” going forward in Our Lady’s Name. We grit our teeth and applied all Father Gruner taught us and we succeeded. Yes, we *are* “one”

and we “won”!

The other great joy I want to share with you is the news that we now enjoy the blessings and varied assistance of many priests – old and new friends of Father Gruner and The Fatima Center.

Their spiritual advice, their teachings, their gracious provision of the Holy Sacrifice of the Mass and Confession for us, not to mention their blessings – this is what keeps us glued together.

This priestly presence assists us in receiving the graces we need to **continue** giving you the **full** Fatima Message and the **Truths** of our Faith.

The Fatima Crusader is just that – **full** of truths and blessings and Church teachings. Read every page. It is important to keep yourself informed.

How else can you pass the truths of Fatima and the Catholic Faith on to your loved ones and all those whom God has put on your path? **FC**
